ABDUL BASIT

NetSuite Developer

+92 332 6033969 | chudharyabdulbasit@gmail.com

Summary

NetSuite Developer with 3+ years of experience specializing in SuiteScript 2.0/2.1, Suitelets, RESTlets, and custom integrations. Proven expertise in automating processes, building scalable solutions, and optimizing performance for manufacturing and order management domains. Strong track record of delivering business-aligned solutions, including advanced PDF templates, custom workflows, and SuiteAnalytics reports.

Technical Skills

- NetSuite Development: SuiteScript 2.0/2.1, Suitelets, RESTlets, Map/Reduce, Client & User Event Scripts, Workflows, SuiteQL
- Web Development: HTML, CSS, JavaScript, React.js, JQuery, Bootstrap, Tailwind, CodeIgniter
- Database & Tools: MySQL, SuiteAnalytics Workbooks

Experience

NetSuite Developer | Abacus Consulting | Feb 2023 – Present

- Developed and maintained SuiteScript 2.0/2.1 scripts (User Event, Client, Map/Reduce, Scheduled, Suitelets) to automate core processes.
- Built RESTlets for seamless third-party integrations, reducing manual data handling by 30%.
- Designed and deployed Advanced PDF templates for Sales Orders, Invoices, and Purchase Orders, improving readability and branding.
- Customized forms, records, and workflows to align with manufacturing and inventory management operations.
- Created SuiteAnalytics reports and workbooks enabling real-time decision-making for management.
- Optimized script performance, reducing governance usage by 40% through efficient logic restructuring.
- Collaborated with cross-functional teams to deliver scalable, maintainable solutions.

Front-end Developer | OneByte | Sep 2022 – Jan 2023

- Developed dashboards and UI components using React.js, Tailwind, and Redux for fintech and edtech projects.
- Worked closely with project managers and clients to deliver scalable, reusable features.
- Implemented data handling and state management with React Router, Context API, and LocalStorage.
- Integrated third-party libraries such as Data Grid and Spinners to enhance user experience.

Web Developer | OneClout | Dec 2021 – May 2022

- Worked on Learning Management System (LMS) as a full-stack developer using CodeIgniter framework.
- Developed a secure login system and enhanced the user profile management module.
- Worked on JustApply project, making front-end and back-end alterations based on updated UI requirements.
- Modified application flow and database structure to meet evolving business needs.

Education

Bachelor of Science in Computer Science | 2016 – 2020

Certifications

- JavaScript Algorithms and Data Structures – freeCodeCamp
- Responsive Web Design – freeCodeCamp
